

Criteria for Science Fair LogBook

Your log book must contain the following, in the order given:

- Title Page
- Table of Contents
- List of ideas
- Question asked
- Research
- Hypothesis
- Materials for the experiment
- Procedures of the experiment
- Identify control, constants, independent variables and dependent variables
- Trials and Data Collected
- List of mean, median, mode and range of control and independent variables
- Graph of Data Collected
- Conclusion
- Abstract
- Bibliography

Your logbook will be hand written. Points will be taken off for items typed and then stapled into the logbook. You may place only pictures of your experiment in your logbook. Copies of Internet sites are not allowed in your logbook. You may write about the Internet research and include the web address.

Pages in your logbook will be clearly labeled (also, number the pages) and information CLEARLY STATED.

**YOUR LOGBOOK IS THE MOST IMPORTANT PART
OF THE SCIENCE EXPERIMENT.**
